Mention all extra subjects you intend to take: \_\_\_\_\_

**Please take note of the following:**

- The feasibility of subject combinations depends on class sizes, timetable variables and availability of teaching staff. It is not a given that the above mentioned options will materialise.
  - Mathematics is a requirement for Physical Sciences, Accounting and Information Technology. If you decide at a later stage to change to Mathematical Literacy you will therefore also need to change these subjects.
- \* Information Technology (IT) is only offered as an **extra subject** in Grade 10 **after school hours**. If you decide to continue with IT in grade 11 and 12 you may replace one of your choice subjects in section C.
